BALD EAGLE NEST STATUS - GHS-165-93

On April 2, 1993, EG&G, Ecology and NEPA Division (END) received a letter from the Colorado Bird Observatory (CBO) stating that, in their opinion, the bald eagles have left the area of Standley Lake. CBO is the organization hired by Westminster, and recognized by the US Fish and Wildlife Service (USFWS) as the proper group to determine that the bald eagles are no longer attempting to nest at Standley Lake. Based on this information, and a telephone conference between M. Murdock and John Wegrzyn, USFWS, EG&G hereby submits the attached draft letter, for submittal to the USFWS, requesting their approval to proceed with OU3 activities because the bald eagles are no longer in residence.

Should you have any comments or questions, please contact Steve Nesta at X8605, or Dick Flory at X8680.
